

# 2020 KS1 School Dashboard

for governors & school leaders

Produce custom dashboards  
at [fftaspire.org](https://fftaspire.org)

## St Mewan Community Primary School

LA Cornwall DFE 9082437 Produced August 2020 Version 1

### What it is

Seven easy-to-use reports that help governors and school leaders to evaluate school performance using the latest 2019 DFE school performance indicators.

### What it tells you

- What are the strengths, areas for improvement and under-performing groups of pupils
- How does attainment and pupil progress compare to the national average over the last three years?
- How are you performing in different subjects?

### Important for 2020

2020 data has been calculated using the teacher assessment data uploaded by schools who participated in the 2020 FFT Results Service. **The data is for internal use only and is NOT intended to be used for external accountability.**

With no test data available, this year's TA analysis should also be treated with additional care, especially when comparing to data from previous years. The 'national' comparator has been generated using the data supplied by participating schools. Please take this into account when analysing your school's data.

### About the data shown

1 2 3

#### Actual results

Actual results for your school, using a range of measures such as averages and thresholds.

#### Gauges

These display headline indicators and whether actual results and pupils' progress are in line with, or significantly above or below, the national average.

ESTIMATED

1 2 3

#### Pupil progress

The value added progress that your pupils have made from one key stage to the next. FFT compares your actual results to the estimated results based on the progress of similar pupils nationally.

#### Statistical significance

Green plus signs and red minus signs highlight where either actual results or pupils' progress is significantly above or below the national average.

#### Trends

The dashboard analyses school performance over 3-5 years. Any significant year-on-year improvement is highlighted using an up arrow. Significant declines in performance are highlighted with a down arrow.

#### Strengths & weaknesses

These highlight key pupil groups and subjects where progress is above or below the national average.
